Resources	£1876
Travel Sporting events	£300
Supply for PE subject Leader to develop role	£500
CPD	£500
After school Sports Club	£760
Total	£8272

Objectives for 2015

- To provide high quality teaching and learning for children of all ages. This will include professional development for staff to enhance their skills and ability to deliver a broad and balanced PE curriculum.
- To plan an approach to assessment in PE which ensures children are making at least good progress.
- To continue to work collaboratively with other schools, both in the cluster and the wider community to develop the sporting opportunities for all the children. We work with the Broadland Schools Cluster to provide inter-school competitions, such as tennis, cross country, football and cricket to our pupils. This ensures pupils have the opportunity to develop their abilities in a competitive environment.
- To audit resources ensuring that all children have access to high quality equipment to enable them to develop their physical skills and wellbeing.

Evaluation of Impact

- Monitor quality of PE lessons across the school
- Undertake pupil survey
- Monitor numbers of children participating in sports activities and competitions
- Assessment of attainment and progress in Physical development including assessing impact of new equipment.

The impact of the Sports Premium Funding is monitored by the Headteacher, Governors and P.E subject leader. Governors liaise with the P.E subject leader and share the developments which are occurring in the subject and the impact of teaching on the children's learning, through the monitoring of teaching and learning.

Overall Success Criteria

- All children will benefit from improved quality and have had experience of a wide range of opportunities to ensure that there will be a lasting impact on their physical wellbeing and positive attitude towards their own healthy lifestyles.
